mFund Removals Checklist
4 June 2024

The purpose of this document is to assist AQUA Product Issuers (the "Issuer") when seeking the removal of **mFund** Products in response to the closure of the ASX Managed Fund Settlement Service on 31 May 2024.

ASX requests the information in the table below from issuers which will be used to revoke an **mFund** Product from the admission for settlement through the ASX Managed Fund Settlement Service.

The formal request for revocation should:

- 1) be formatted as a letter on issuer letterhead,
- 2) contain the table below with highlighted fields populated
- 3) signed by any person who has the authority to request the removal from the ASX Managed Fund Settlement Service.

The issuer should also seek confirmation that it's appointed PSP and/or unit registry understands the timetable for removal and is aware of the last date to accept further applications and redemptions. During the blackout period, issuers should remind their PSP to reject any orders during this timeframe. ASX will remove the **mFund** products once confirmation is received from the issuer that CHESS Holdings have been reduced to nil. Once this confirmation is received, ASX will remove the **mFund** product as soon as possible, either on the same day or next business day.

The request for revocation should be sent to investmefundproducts.compliance@asx.com.au and cc'd to Ashley.Picker@asx.com.au. The removal decision will be communicated to the issuer in writing by the Investment Products Compliance team via email.
