Removed Fees – effective 1 July 2022	8

All fees are shown in Australian dollars. All fees are effective from 1 December 2023 unless otherwise indicated and are subject to change from time to time. If you require further clarification please contact issuers@asx.com.au or ASX Customer Service (telephone 131 279)

GST exclusive prices are quoted in the Schedule of Fees applicable to Issuer Services. Usually Issuer Services will be subject to GST and the GST inclusive prices will be charged. In certain situations, an otherwise taxable supply may be exempt from GST (for example, exports). However, ASX anticipates that Issuer Services will not be 'exports' for the purposes of GST and accordingly, GST inclusive prices will be charged for these services.

Issuer Services

ASX Settlement Pty Limited (ASX Settlement) is a wholly owned subsidiary of ASX Limited (ASX) and is responsible for the provision of issuer services. Fees are invoiced by ASX Operations Pty Limited (ASX Operations) on behalf of ASX Settlement. Invoices are issued monthly in arrears.

CHESS is used by ASX Settlement to perform issuer services. Please see <https://www2.asx.com.au/issuers/issuer-services> for further details of the types of services offered to issuers.

Discounts

A discount of 25% (in the form of an annual rebate) will be provided to the following issuers:

- Issuers who are “low velocity users”. A low velocity user is an issuer that has an annual ratio of CHESS holding statements provided to its investors to the number of HINs of less than 1.0 times. This discount will only apply to existing issuers as at 30 June 2022. New issuers established in CHESS after 30 June 2022 will not qualify; or
- Listed Investment Companies and Listed Investment Trusts (“LICs”). These entities are listed via the ASX admission criteria of “+investment entity”.

For the avoidance of doubt, note that an issuer that is both a LIC and a “low velocity user” will receive a discount of 25%, and not two discounts of 25%.

For those issuers who are eligible to receive the discount, the 25% discount will be calculated on the total amount of CHESS holding statement fees and subscription fees only. The discount will not apply to the corporate activity fees or any other fees charged by ASX.

These discount arrangements will be subject to review on a periodic basis.
