Explanatory note

The first part of this chapter deals with *quotation of *securities on admission to the *official list. In this case, *quotation will be of the *main class of the entity's *securities and any additional class for which *quotation is sought at the time of admission. If an entity does not meet the tests for *quotation of its *main class of *securities, it will not be admitted to the *official list.

The second part of the chapter deals with *quotation of *securities after admission. In this case, the *securities for which *quotation is sought may be additional *securities in a *class already quoted or a new *class of *securities not previously quoted.

The remainder of the chapter deals with rules that apply to all entities and *quotation of partly paid shares in a no liability company.

ASX takes into account the particular circumstances of each applicant. ASX may grant *quotation even though not all the requirements have been met. ASX may refuse to grant *quotation even though all the requirements have been met.

Quotation of securities on admission

Main class of securities (ASX Listing) and debt securities (ASX Debt Listing)

2.1 For *quotation of the *main class of *securities of an entity seeking admission to the *official list as an ASX Listing, or of *debt securities of an entity seeking admission to the *official list as an ASX Debt Listing, the following conditions must be met to ASX's satisfaction.

Introduced 01/07/96 Origin: Listing Rule 2A(2) Amended 30/09/01

Condition 1 The terms of the entity's *securities must comply with chapter 6.

Introduced 01/07/96 Origin: Listing Rule 2A(2)

Note: Chapter 6 deals with securities.

The call program may provide for one extension of up to 6 months of the date for payment of a call, on provision of at least 2 months' written notice to holders of the partly paid *securities. However, the call program for a *mining entity or an *oil and gas entity must require payment in full within 2 years after the *issue date and must not be extended past 2 years. This condition does not apply to a no liability company.

Obligation to apply for quotation of additional securities

- 2.4 An entity must apply for +quotation of all +securities (except +restricted securities and +securities issued under an +employee incentive scheme that are subject to restrictions on transfer) if they are in a +class of +securities that is already quoted, or that is intended to be quoted, on ASX.

Condition 4 If the +securities are partly paid +securities, there must be a defined call program setting out the date and amount of each proposed call. The call program may provide for one extension of up to 6 months of the date for payment of a call, on provision of at least 2 months' written notice to holders of the partly paid +securities. However, the call program for a +mining entity or an +oil and gas entity must require payment in full within 2 years after the +issue date and must not be extended past 2 years. - (b) The *securities are a *class of partly paid *securities, there are at least 1 million *securities, they are paid to not less than 40% of their issue price and the uncalled amount is payable on a fixed date which is within 12 months after the *issue date.

For the purposes of this rule, a conversion of convertible securities into the underlying securities is regarded as occurring:

- if the conversion involves a reclassification of the convertible securities as the underlying securities, when the reclassification takes effect;
- if the conversion involves an issue of new underlying securities, when the issue is made; or
- if the conversion involves a transfer of existing underlying securities, when the transfer is made.
