- amended;

- Example: An ASIC exemption or modification modifies the application of the Corporations Act.
- affected by a subordinate instrument.

Introduced 01/07/96

- 19.6 References to time are to local time, unless another time is specified.

Introduced 01/07/96

### **References to currency**

Introduced 01/08/12

### **References to quoted securities**

19.6B Except in Rule 8.2, a reference to quoted \*securities or to \*securities being quoted by ASX includes, where CDIs have been issued over an entity’s securities, the \*securities over which the CDIs have been issued.  
Introduced 19/12/16

### **Notice to an entity by ASX**

19.7 A document is to be treated as being given to an entity if it is left at, or is sent by post, fax or e-mail to, the address, fax number or e-mail address:

- in the entity’s application for admission; or
- given to ASX by the entity or used in correspondence with ASX by the entity.

This rule does not prevent a document being given to an entity in any other way permitted by law.

Introduced 01/07/96 Origin: Listing Rule 3J(34) Amended 01/01/03

Example: Laws regarding service of documents.

19.7.1 The time that the document is to be treated as being given to an entity is as follows.

Introduced 01/07/96 Origin: Listing Rule 3J(34) Amended 01/01/03

### **Accounts**

19.11A If a listing rule requires an entity to give ASX \*accounts, the following rules apply.

- (a) If the entity controls an entity within the meaning of section 50AA of the Corporations Act or is the holding company of an entity, required by any law, regulation, rule or accounting standard, or if ASX requires, the \*accounts must be consolidated \*accounts.

Note: As at 13/3/2000 section 50AA of the Corporations Act says that an entity controls a second entity if the first entity has the capacity to determine the outcome of decisions about the second entity's financial and operating policies, and in determining whether the first entity has this capacity, the practical influence that it can exert and any practice or pattern of behaviour affecting the second entity's financial or operating policies is to be taken into account. A holding company has another body corporate as a subsidiary. See sections 9 and 46.

- (b) The \*accounts must be prepared to Australian accounting standards. If the entity is a \*foreign entity the \*accounts may be prepared to other standards agreed by ASX.

Note: ASX will agree, for example, to the use of International Financial Reporting Standards by a foreign entity.

- (c) If the listing rule requires audited \*accounts, the audit must be conducted in accordance with Australian auditing standards by a registered company auditor. If the entity is a \*foreign entity, the audit may be conducted in accordance with other standards agreed by ASX and may be conducted by an overseas equivalent of a registered company auditor.
- (d) If the listing rule requires \*accounts to be reviewed, the review must be conducted in accordance with Australian auditing standards. If the entity is a \*foreign entity, the review may be conducted in accordance with other standards agreed by ASX. Unless the listing rule says an independent accountant may conduct the review, it must be conducted by a registered company auditor (or, if the entity is a \*foreign entity, an overseas equivalent of a registered company auditor).
- (e) If there is a \*directors' declaration that relates to the \*accounts, the \*directors' declaration must be given to ASX with the \*accounts.
- (f) If there is a \*directors' report that relates to the period covered by the \*accounts, the \*directors' report must be given to ASX with the \*accounts.

19.11B Where the \*responsible entity of a trust applies for a trust to be admitted, and the trust is admitted, to the \*official list:

- (a) the trust, rather than the \*responsible entity, is regarded as the listed entity and must comply with the listing rules;
- (b) references in the listing rules to the entity's assets, liabilities, equity interests, profits, losses or \*market capitalisation are to be read as referring to the assets, liabilities, equity interests, profits, losses or \*market capitalisation (as the case may be) of the trust;
- (c) unless otherwise stated, references in the listing rules to the entity's directors mean:
  - (i) if the trust is \*internally managed, the directors of the \*responsible entity; or
  - (ii) if the entity is \*externally managed, the \*responsible entity of the trust;
- (d) unless otherwise stated, references in the listing rules to the entity's \*chair, \*CEO, \*CFO or secretary mean the \*chair, \*CEO, \*CFO or secretary of the \*responsible entity; and
- (e) the \*responsible entity of the trust has an obligation to ensure that the trust complies with the listing rules.

Introduced 30/09/01 Origin: Rule 13.6 Amended 01/12/19

19.11C Where a \*stapled group applies for and is admitted to the \*official list:

- (a) each entity within the \*stapled group is regarded as a listed entity and must comply with the listing rules; but
- (b) references in the listing rules to the entity's assets, liabilities, equity interests, profits, losses or \*market capitalisation are to be read as referring to the aggregated assets, liabilities, equity interests, profits, losses or \*market capitalisation (as the case may be) of all of the entities in the \*stapled group.

Introduced 01/12/19

associate	save as set out below, a person (the <i>second person</i> ) is an associate of another person (the <i>primary person</i> ) in relation to a listed entity if, and only if, one or more of the following paragraphs applies: <ul style="list-style-type: none"><li>(a) in the case of a primary person who is a natural person, the second person is an entity the primary person controls;</li><li>(b) in the case of a primary person who is an entity, the second person is:<ul style="list-style-type: none"><li>(i) an entity the primary person *controls; or</li><li>(ii) an entity that *controls the primary person; or</li><li>(iii) an entity that is controlled by an entity that *controls the primary person;</li></ul></li><li>(c) the second person is a person with whom the primary person has, or proposes to enter into, a relevant agreement for the purpose of controlling or influencing the composition of the listed entity's board or the conduct of the listed entity's affairs;</li></ul>

- (d) the second person is a person with whom the primary person is acting, or proposing to act, in concert in relation to the listed entity's affairs.

In paragraphs (a) and (b) above, "entity" means a body corporate, partnership, unincorporated body or a trust and includes, in the case of a trust, the \*responsible entity of the trust.

If the listed entity is an \*externally managed trust, the reference in paragraph (c) above to controlling or influencing the composition of the listed entity's board is taken to be a reference to controlling or influencing whether a particular entity becomes or remains the trust's \*responsible entity.

If the listed entity is an \*internally managed trust, the reference in paragraph (c) above to controlling or influencing the composition of the listed entity's board is taken to be a reference to controlling or influencing the board of the trust's \*responsible entity.

A \*related party of a natural person is to be taken to be an associate of the natural person unless the contrary is established.

However, a person is not an associate of another person merely because of one or more of the following:

- (a) one gives advice to the other, or acts on the other's behalf, in the proper performance of the functions attaching to a professional capacity or a business relationship;
- (b) one, a client, gives specific instructions to the other, whose ordinary business includes dealing in financial products, to acquire financial products on the client's behalf in the ordinary course of that business;

Notes: Section 9 of the Corporations Act defines "relevant agreement".

One way in which a related party of a natural person may seek to establish that it is not an associate of the natural person is for the natural person or related party in question to give a statutory declaration or some other form of certification to the listed entity to that effect. The listed entity should take this and any other information known to it into account when forming a view as to whether or not the related party is in fact an associate of the natural person.

employee incentive scheme

- (a) a scheme for the issue or +acquisition of +equity securities in the entity by or for the benefit of:
  - (i) participating employees or directors of the entity;
  - (ii) participating employees or directors of a related entity of the entity; or
  - (iii) the related parties of such employees or directors; or
- (b) a scheme which, in ASX's opinion, is an employee incentive scheme.

Introduced 01/07/96 Amended 30/09/01, 01/07/14, 01/12/19, 05/06/21

Note: References in this definition to a director include a non-executive director.

The fact that an employee incentive scheme allows participating employees or directors to elect to have equity securities issued to, or held for the benefit of, a related party (such as a relative or a private company or family trust) does not prevent it from being an employee incentive scheme for the purposes of the Listing Rules. Nor does the fact that an employee incentive scheme may also provide for the participation of consultants and contractors, as well as employees and directors.

A scheme can be an employee incentive scheme of the purposes of the Listing Rules even if there is only one employee or director participating in the scheme.

Most non-executive director security purchase plans are employee incentive schemes for the purposes of the Listing Rules. This applies even where the plan provides for securities to be purchased on-market (and therefore at a fair market price) and a participating director is ultimately required to pay the full purchase price for the securities purchased on their behalf (for example, by periodic deduction to their director's fees).

Cross reference: Definition of "terms of the scheme".

entity (a) an entity that has applied for admission to, or is admitted to, the +official list.

(b) in Appendices 4C, 4D, 4E and 4F the meaning in the Australian Accounting Standards.

Introduced 01/07/96 Amended 01/07/00, 01/01/03, 17/12/10

Note: At 01/01/10, Australian Accounting Standard AASB 101 says that an entity is any legal, administrative or fiduciary arrangement, organisational structure or other party (including a person) having the capacity to deploy scarce resources in order to achieve objectives.

equity interests	the sum of paid up capital, reserves, and accumulated profits or losses, disregarding redeemable preference share capital and outside equity interests, as shown in the consolidated financial statements.

Amended 01/12/19

Note: ASX has decided under paragraph (h) above that a security issued by an APRA-regulated entity that falls within the definition of “convertible security” in Rule 19.12 solely because it can be converted on the occurrence of a “non-viability trigger event” and/or a “capital trigger event” and that would otherwise be a debt security but for the inclusion of those provisions, should be classified as a debt security rather than an equity security for the purposes of the Listing Rules. For these purposes, a “non-viability trigger event” means a provision in the terms of issue of a debt security that allows APRA, solely at its discretion, to require the debt security to be written off or converted into equity securities because, without that occurring, the entity would be non-viable. A “capital trigger event” means that APRA has determined, or the entity has determined and notified APRA, that the ratio of its common equity capital to its risk-adjusted assets has fallen below a minimum threshold fixed by APRA and specified in the terms of issue of the security. A security issued by an APRA-regulated entity that has other equity conversion or exchange features in addition to a non-viability trigger event or capital trigger event will be classified as an equity security.
